

GUARDIAN AIR HOME

A BEYOND BY AERUS TECHNOLOGY

GUARDIAN AIR HOME

Installed directly to the HVAC system ductwork to clean and purify the air as it passes through the system, the Guardian Air Home uses ActivePure® Technology to remove pathogens, air pollution, VOCs, surface contaminants, pet dander, odors, and dust, resulting in a cleaner, healthier home. The Guardian Air Home is a True HEPA filtration system, removing 99.97% of harmful particles as small as 0.3 micron, and powerfully protecting the air in any environment 24/7.

FEATURES

- Our proprietary ActivePure® Technology continuously protects and purifies the air, and attacks contaminants on all surfaces
- The 3 Stage Filtration Process cleans up to 3,000 sq. ft.
 - Pre-filter** – Removes larger particles from the air
 - Carbon** – Removes chemicals and odors from the air
 - HEPA** – Removes 99.97% of particulates 0.3 micron and larger.
- Proven effective in University studies against bacteria, viruses, mold and fungi

SPECIFICATIONS

MODEL: F193B

Air flow	300 cfm
Weight	14.35 lbs
Supply Voltage	120 VAC
Power Consumption	0.8 amps • 96 watts
Air Intake Collar	6" round
Air Outtake Collar	6" round
System HEPA filter efficiency	99.97% @ 0.3 micron particles
Ambient temperature range	-25° F to 130° F

Meets California ozone emissions limit. CARB Certified.

2017 Space Technology
Hall of Fame Inductee

BENEFITS

- Creates healthy, pure indoor spaces without the use of ozone
- Cleans the air 24 hours a day, even when your HVAC system is not on
- ActivePure® Technology destroys up to 99% of surface and airborne contaminants
- Significantly reduces dust, pet dander and odors in the home
- Purifies the air and reduces particles that can irritate allergies and asthma
- Protects people from dangerous contaminants and pollutants, and protects heating and cooling system from dust buildup
